WHAT IS ALL STAR CHEER?

First and foremost, All Star Cheerleading is FUN. Competitive cheerleading builds athletic skills such as tumbling, jumps, and flexibility in addition to confidence, self-esteem and team building skills which can be used for life! Cheer programs are available for youth of all skill levels ages 4-18 (age as of 8/31/22). Teams are formed based on age and skill level through a process called placements. Each cheerleader who attends placements will be placed on a squad best suited for their age and ability. There are only two reasons why a child would not be placed; if there are not enough girls to form a squad and/or if there are disciplinary/behavior issues during placements. If you are interested in joining our competitive cheer team, you must attend placements on June 6th.
